### **DETAILED ACTION**

1. Applicant's amendment and accompanying remarks filed December 29, 2004 have been acknowledged.
2. Examiner acknowledges amended claim 5.
3. The rejection of claim 5 under 35 U.S.C. 112, second paragraph is withdrawn due to applicant's amended claim 5.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

5. Claim 5 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 5 is rendered indefinite because of the phrase "any other optical effect". Claim 5 does not provide a reasonable degree of clarity for an optical effect. There are many different optical effects such as refraction and birefringence. It is unclear as to what "other optical effects" the claim is referring.

Also, claim 5 is rendered indefinite because of the phrase "shade known for non-watermarked papers." Claim 5 does not provide a reasonable degree of clarity of a "shade". Shade is defined as comparative darkness. Claim 1, from which claim 5 depends recites a set of pale zones and a set of dark zones. It is unclear as to what shade the claim is referring.

Art Unit: 1774

6. Claims 1-4, 15-20 and 27 are allowed. The prior art does not provide for a paper based on a fiber composition, the paper comprising at least one multitone effect watermark, wherein the watermark, when observed in transmitted light, has a set of dark zones and a set of pales zones arranged in the manner of a screened image, and the pale zones have a weight per unit area of fiber composition that is less than that of the dark zones.

*Response to Arguments*

7. Applicant's arguments with respect to claim 5 have been considered but are moot in view of the new ground(s) of rejection.

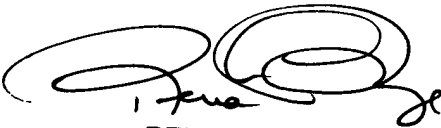

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
